Major Battle In Laos Seen Near Capital

LUANG PRABANG Laos — A major battle between pro-Western government forces and Communist Pathet Lao rebels appeared to be shaping up today just 50 miles north of this royal capital. Army units and Pathet Lao forces clashed at Munongai Sunday and military authorities said the encounter could be a prelude to a big battle. The government rushed in supplies in an attempt to hold the key town.

LAOTIAN ARMY commander Maj. Gen. Bounleuth said his forces killed five Pathet Lao soldiers in the Munongai clash.

Munongai is the last major stronghold of the government north of this royal capital. It controls a long valley that leads to the Mekong River and military authorities consider it a key to the defense of Luang Prabang.

THE REBELS WERE putting additional pressure on the city from other directions. Two rebel companies were reported to have reached the Mekong River at Pak Ou and another group was reported operating less than 20 miles to the southeast.

In Bangkok, it was announced that the Southeast Asia Treaty Organization Council of Representatives would meet Wednesday on the Laos situation.

UJA FUND DRIVE SEEKS \$80,000

A quota of \$80,000 for the local drive in support of the nationwide United Jewish Appeal 1961 campaign was announced today by Max Grone, chairman of the Palm Springs campaign.

Proceeds of the 1961 UJA campaign, Grone announced, would be used to help care for 875,000 Jews in need throughout the world. Of this number, 315,000 are immigrants in Israel still unabsorbed, or short of "the deserved dignity of self-dependence," he declared.

ASSERTING THAT 1961 offered a "precious opportunity to speed full-scale immigrant absorption in Israel, Grone called for 'the most vigorous possible support from the Palm Springs community in this crucial task.'

"There is a particularly urgent need for funds to bring economic independence to 130,000 pioneer farmers located in 485 farm settlements established since 1948," Grone stated. "The failure of these

GOLDBERG ENDS RAILROAD STRIKE

NEW YORK — White House intervention ended today a strike over the jobs of 62 men that closed down the nation's second biggest railroad, threatened the economy of the nation's industrial heartland, and dislocated life of the country's biggest city. The 13-day strike cost the nation hundreds of millions of dollars in wages and freight and passenger revenues of rail lines stretching from St. Louis and Chicago to Boston and New York.

THE FIRST FEATHER in the cap of President Kennedy and his new labor secretary, Arthur J. Goldberg, was the settlement this morning of the strike of 660 harbor tugboat and ferry men against 11 railroads that use barges to get cargo onto Manhattan Island. Goldberg flew here Sunday at the behest of Kennedy and announced a settlement 14 hours later.

Rusk Gives New Policy For Russia

Kennedy, Top Advisers Meet Again Today

WASHINGTON — Secretary of State Dean Rusk said today that he and President Kennedy intend to deal with Russia through normal diplomatic channels, frequently behind the scenes. Rusk outlined the administration policy in a formal statement during a break in a day-long conference between Kennedy and his top diplomatic and military advisers on national security issues.

THE RUSK STATEMENT, read to newsmen, gave no information on U. S. Ambassador Llewellyn Thompson's two-hour talk with Soviet Premier Nikita Khrushchev in Moscow Saturday. The statement, however, appeared to confirm the Kennedy administration's announced policy of not rushing into any summit meetings with Russia without thorough advance diplomatic preparation.

For the second straight day, Kennedy worked on broad problems in the international field as he prepared to send Congress his first slate of new ambassadors, plus additional appointments at the assistant secretarial level in the State Department.

MEETING WITH Kennedy in a day-long round of talks today were Secretary of State Dean Rusk, Defense Secretary Robert S. McNamara, Gen. Lyman I. Lemnitzer, chairman of the Joint Chiefs of Staff, Paul Nitze, assistant secretary of defense for international affairs; Chester Bowles, undersecretary of state, and McGeorge Bundy, special assistant to the President for national security matters.

Other commuter and long distance trains will be put into operation as soon as snow removal, switch inspection, and equipment distribution problems are worked out. Service in and out of Chicago should be restored Tuesday morning, the road said.

\$15,000 Jewelry Burglary Over Weekend Told

Palm Springs police today are seeking clues to a burglar who may have \$15,000 worth of jewelry reportedly taken from a room in a local hotel Sunday.

Chicago furrier Max Feuerer reported the loss late Sunday afternoon. The burglary of diamond and pearl jewelry pieces is thought to have occurred between 11 a.m. and 3:30 p.m. Sunday.

Missing were three platinum-based diamond bracelets, a diamond pin, a four-carat pear-shaped diamond ring, a wedding band with diamond baguettes, an oriental pearl platinum ring and two pearl necklaces.

Preliminary investigation indicated the patio sliding door into the bedroom may have been open during the day. There was no evidence of forced entry at the scene.

FUND FOR SLAIN OFFICER JUMPS

A four-hour benefit show to aid the Gail Eldridge Memorial Fund yesterday netted nearly \$1,300 for the widow and three children of the murdered police officer here yesterday.

Nearly 50 entertainers paraded across the stage of the Chi Chi Starlite Room in a continuous show that jam-packed the Palm Canyon Drive night club. (A review of the show and pictures of the artists will appear in tomorrow's Desert Sun.)

SGT. T. M. AITKEN, president of the Palm Springs Police Association and a co-chairman of the Gail Eldridge Memorial Fund Committee, reported today that the committee had counted \$1,239.02, at both doors of the Chi Chi. "We received an additional \$48 from Dick Sullivan, parking lot manager for the Chi Chi, who delivered all of the tips received by the parking lot attendants at the club during the afternoon," Aitken said. "This brought the total to \$1,287.02 for the afternoon."

Manager Is Held Hostage

INDIAN WELLS—A conservatively dressed, well-spoken man armed with a cocked snub-nosed revolver robbed the Indian Wells Hotel here of an estimated \$3,000 at approximately 8 a.m., today, and fled the scene with hotel manager Robert Schmuck held hostage at gun point.

Schmuck was released when the bandit jumped from the vehicle near the Rancho Palmaris Estates entrance west of here. Schmuck told officers the man leaped from the vehicle after instructing him to make a u-turn in the road with the hotel's station wagon and head back here.

THE SUSPECT estimated at approximately 35 years of age 5 feet 11 inches tall with a small mustache walked into the hotel just before 8 a.m.

"I want the weekend receipts. I know you've got \$6,400," he told the manager and desk clerk Robert Diers as bell captain Jack Fernandez and switchboard operator Barbara Peabody listened. He kept the revolver cocked during the robbery.

The suspect fled with Schmuck as auditor Hannah W. Kerr arrived at approximately 8 a.m.

CALIFORNIA HIGHWAY Patrol and Riverside county sheriff's deputies joined in a road-by-road search of the area after flashing an all-points radio bulletin on the suspect. Palm Springs police established a roadblock.

The man thought to have escaped in a blue 1957 or 1958 Cadillac convertible was wearing a brown suit, white shirt, grey tie and snap-brim hat at the time of the robbery.

Nikita Still Soviet Boss After Meet

Analyst Explains Khrushchev Shift Of Party Control

MOSCOW (U.P.) — A week of startling statements by Soviet Premier Nikita S. Khrushchev have made it clear that he is the unchallenged leader of the Soviet Union but is giving up one-man control of world Communism. Diplomatic observers said Khrushchev gained stature by bluntly exposing Soviet agricultural weaknesses before the powerful Communist Party central committee and ordering sweeping reforms to raise the standard of living of his people.

AT THE SAME TIME, he has proclaimed in a speech to Russian Communist leaders that all Communist parties are equal and that Moscow no longer claims leadership of the movement.

The central committee meeting on the Soviet agricultural problem ended last Wednesday. Khrushchev's 20,000-word speech, dealing with the recent Communist summit conference, was published Wednesday night.

The observers pointed out that Khrushchev confidently acted from a position of strength in attacking incompetent and deceiving officials during the committee meeting. He added to his prestige by revising the grain production plans and ordering more resources and consumer goods pumped into the villages.

BEFORE CLOSING its eight-day debate, the central committee approved a Khrushchev plan for decentralizing the farm program in an attempt to boost production. The plan is expected to shift control of agriculture from the central ministry to regional councils.

Khrushchev's abandonment of formal leadership of the Communist bloc was outlined in his speech to Russian party theoreticians and propagandists on Jan. 6. The speech, published in the party's theoretical journal, contained no drastically new theses on the bloc's aim to dominate the world.

But the speech did give new insight to the political alignment within the movement.

"THE COMMUNIST Party of the Soviet Union does not lead other parties," Khrushchev said. "There is no superior and subordinate party in the Communist movement. It is impossible to lead all socialist and all Communist parties from any single center."

Observers pointed out that Khrushchev's move had obvious tactical advantages. The Soviet Union no longer is the sole arbiter and interpreter of Marxism-Leninism nor is it responsible for actions of individual bloc members, they said.

Regarding China, Khrushchev said in his speech: "In its relations with the Communist Party of China, our party proceeds always from the premise of friendship of the two great peoples and the unity of our two parties is of exceptional importance in the struggle for the triumph of our common cause."

AFTER SUNSET

Writer Criticizes City's Art Attitude

By GEORGE LAINE

Pity the poor mailman. Each day he arrives with upwards of two sacks of mail and I only feel like I have to go through most of it. Here's the cream of the recent receipts:

Dear Mr. Laine:

After reading your column "After Sunset" the other day, I thought I would drop you a few lines regarding the cultural situation in Palm Springs. You mentioned a few local organizations which have been dedicated to giving worthwhile, uplifting, educational or entertaining programs for our local citizens but you left out a few.

As a resident of Palm Springs for 35 years, I know full well the struggle to inject culture into this resort. As you truthfully stated, it has been to put it very mildly, extremely difficult. I know—I tried and tried. And others just as zealous as I have tried and tried and thank God some are still trying. It is unfortunate that the superficiality of this resort wards off culture like water off a duck's back. For you to get an even more thorough picture of the history of Palm Springs' cultural struggle I suggest, if you are interested, that you look through some old issues of the Desert Sun and even go back to the Limelight News days (when edited by Priscilla Chaffey) between the dates of 1943 and 1952. Even in '28 and '29, an attempt to establish a small art school was difficult and it lasted only about a year. (My father was one of the founders. There have been hundreds of attempts at establishing the arts in one way or another. One of the most valiant was the Allied Arts Association of Palm Springs, which later became the Desert Art Center. The local citizens who have given so much time and effort and ability in their attempts to give Palm Springs a real cultural center and who have succeeded with their bit should be highly lauded. It is a dreadfully thankless and highly criticized task as I know it and as countless other local citizens know it.

Those of us who are raising our families here enjoy our healthful climate and freedom of space and beauty of the desert. But we miss the free culture the smoggy city gives. For the most part, we must hole up for our culture around our fireplace with special TV shows, educational books and our precious collection of records. This is our culture for our family.

Prasie goes most of all to the Palm Springs Desert Museum with Dr. C. E. Smith at its head, and to our library — who could live without it? It is well known how

uphill the struggle has been for the Desert Museum and the cultural ideas it has tried to maintain.

The biggest problem I think you will find in the history of Palm Springs' cultural struggle is money. No money to back the poor artists. No money to bring the best artists. No money to donate for a cultural center that would be free to the artists who participate in its glories and open to the public at a nominal fee. Rather ironic for a town inhabited by so many moneyed people. (And by so many artists.) The difficulty, is, too, that artists in any field even though they are qualified or fairly well known in their work cannot always afford the fee (or club dues) they are obligated to pay if they wish to become members of a cultural organization. Even their membership does not ensure that their work will be exhibited. It must pass before a jury which is very often motivated by a money factor. ("That artist is wealthy, we cannot turn him down.") Also, there are many residents who would attend exhibitions, concerts, etc., if the minimum price for a seat or admission were lower. Free park concerts are a wonderful contribution to mental health for any person — young and old — who can hear.

Even with all this I still feel optimistic about what the Palm Springs community can give culturally and what good progress is possible in the future along this line. But people like yourself, who have the advantage of the newspaper, can help tremendously by saying and doing the inspiring things.

More power to you.

Mrs. Jane Coutts Anguiano,
Palm Springs.

No community runs artistically before it walks. Mrs. Anguiano and yet we know that leadership and guidance can help hasten the day when our city not only runs but sets records in the cultural foot race. Thanks for your continued interest and, the City Council notwithstanding, you'll be delighted to know that there are more people like you in Palm Springs than you had thought.

The Old Soldier Can March Proudly

Dear Abby...

...by Abigail VanBuren

DEAR ABBY: Isn't it proper for men to offer their seats on a bus to women any more? I ride to work on a bus every day and I have seen elderly (and even pregnant) women stand while men just sit there. Occasionally I will see a gentleman offer a woman his seat, but you should see the dirty looks he gets from the men who are sitting. Are gentlemen becoming extinct in our civilization?

DEAR LABY: Some of the women who ride buses are in better shape than some of the men. Naturally, an elderly or pregnant woman shouldn't be made to stand any more than a feeble or handicapped man. But healthy, able-bodied women, who compete with men for jobs, shouldn't expect a busload of Sir Walter Raleighs.

DEAR ABBY: My husband and I have four children. Every time one was born, we'd agree on a name we both liked, take the baby to church and have it baptized with that name. But as soon as we'd get home my husband would start calling it something else.

Our Christopher he calls "Max." Marie Ann is "Cookie." Francis is "Butch" and Antonio is "Charlie." I get so mad I could throw him out. What can I do?

ONLY A WIFE

DEAR ONLY: What's in a name? I love a man who calls me "Popo." (He's my husband.)

DEAR ABBY: There is a certain boy who asks all the girls to dance and he is the world's worst dancer. He keeps going around in circles and gets all

the girls dizzy. Should we tell him so he can improve, or should we skip it for fear of hurting his feelings?

THE THREE H'S

DEAR H'S: Considering the present crop of wall-flowers, girl would have to be pretty "dizzy" to criticize a boy's dancing. Don't suggest he improve unless you are willing to teach him.

CONFIDENTIAL TO "WILLING TO WORK:" Be a bellhop. Money grows on trays!

Let's Show Our Appreciation

This is Rodeo Week in Palm Springs, with two top days of action scheduled this weekend at the Polo Grounds, plus a Rodeo Ball Friday night and the traditional parade down Palm Canyon Drive on Saturday morning.

And it's all for a good cause, with proceeds used by the Palm Springs Mounted Police to purchase additional rescue equipment, which is used in the pursuit of the organization's volunteer work as an auxiliary force of the Palm Springs Police Department.

Their rescue work is well known, with members called upon day or night to travel hazardous mountain trails to locate missing or lost hikers. Without such a volunteer organization, this community would be forced to underwrite a trained rescue crew.

Let the community show its appreciation by supporting the 21st annual Rodeo this weekend and make it the biggest ever.

What Makes Dictators Tick?

How does Castro get away with it? How did Hitler? How did Stalin and the rest? Americans have never been able to understand how other nations could submit to tyrants and slavishly do their bidding. When Fidel Castro came to power in Cuba, Americans thought that he must be a good man because so many Cubans were for him. Now that he is the villain, Americans confidently await his overthrow.

William L. Shirer in his book, "The Rise and Fall of the Third Reich," tries to explain why the German people chose Adolf Hitler to lead them and why they followed him for eleven and a half years and refused to turn against him when they were hopelessly defeated. The book is now at the top of the best-seller list.

SHIRER EXPLAINS how Hitler appeared to their sense of frustration, how he cultivated the "stab in the back" thesis that the Jews and the weak-willed politicians had betrayed Germany in 1918. He describes the German love for uniforms and respect for authority and "efficiency." He analyzes in 1,143 closely-argued pages the forces that produced Hitlerism.

But he doesn't explain why a modern, civilized people believed, trusted and even loved Hitler.

SHIRER REPORTS that Hitler, in the summer of 1944, "rallied

the beaten, retreating armies and put new heart into the battered nation. By an incredible exercise of will, which all the others in Germany lacked, he was able almost single-handedly to prolong the agony of war for well nigh a year."

The explanation is that the German war effort, once set in motion by Hitler, could be stopped only by complete destruction.

HOWEVER, A FEW high-minded Germans refused to be cowed by the Fuehrerprinzip and plotted to assassinate Hitler. They tried it many times, according to Shirer. In 1943 alone six attempts were made. One of them failed only because a time bomb, planted in the Fuehrer's plane, failed to explode. The author devoted the most attention to the July 20, 1944 attempt, which came closest to succeeding.

The conspirators, who included three field marshals, placed a time bomb under a table where Hitler was conferring with his staff. One officer present "discovered that Staffenberg's bulging briefcase was in his way, tried to shove it aside with his foot and finally reached down with one hand and lifted it to the far side of the table, which now stood between the bomb and Hitler."

ACCORDING TO Shirer, "this seemingly insignificant act probably saved the Fuehrer's life."

He escaped with burns, "his right arm temporarily paralyzed, his eardrums punctured and his back lacerated by a falling beam."

Colonel von Stauffenberg, who planted the bomb, flew to Berlin and tried to seize power. When it was discovered in Berlin that Hitler was still alive, many of the generals hesitated to move their troops against the government and the insurrection failed.

IT FAILED, SAYS Shirer, because almost all the men who kept this great country running, generals and civilians, and the mass of the German people, in uniform and out, were not ready for a revolution—in fact, despite their misery and the bleak prospect of defeat and foreign occupation, they did not want it. . . they still accepted and indeed supported (National Socialism), and in Adolf Hitler they still saw the country's savior."

The bond between a powerful national leader and his people is difficult for mere foreigners to understand. Shirer's attempt, while not completely successful, does explain some of the mysteries of the Fuehrerprinzip.

THE EXPLAINER of the "Fuehrerprinzip" has not yet appeared, but it is probable that he would say that war or threat of war tends to strengthen the bond between the leader and people.

This Side of The Sun

By Phat

It's nice to have my columns clipped. It gives me such a thrill. But comments that oft go with them, Can give my pride a spill.

Not so long ago I wrote a piece about councilman George Beebe and the city's proposed ordinance to ban smelly methods of encouraging lawns to grow.

NATURALLY, the city's proposed action had sparked many words in other newspapers and Mr. Beebe received publicity as he was involved in the proposed law.

So this article detailed the receipt by the councilman of a gift package of THPM from a firm in Montebello which puts the product on the market. With various comments.

THPM, if you must know, stands for Thoroughbred Horse Perfumed Manure, designed to do away with such a law as the city planned to protect the aroma of the Village in fall when lawns are renewed.

SEEMS THAT this column hit various southland newspapers on a dull day when columnists sat silent before their typewriters, unseeing eyes passing over the pretty girl calendars on the wall. Just sitting, waiting for an idea to germinate.

Since it apparently didn't, they grabbed scissors and paste pot and lifted that column about councilman Beebe in toto. Which means, all of it.

FRIENDS in four southland cities have sent me copies of the newspapers which reprinted the column. Made me feel good that my efforts were appreciated elsewhere.

All of the columnists who purloined the article, preceded it with varying comments, light banter involving my girth, attire, olfactory perception and long servitude in the newspaper field.

That I didn't mind. I liked the introductory insults.

BUT THE CONCLUDING comments of one writer, Homer King of the Hemet News, threw me. Mr. King, after a few kind words in his introduction, reprinted the column in full.

Which was nice.

AT THE BOTTOM he made a few remarks which I think could constitute the basis for a legal engagement.

I never have appeared in public clad only in shorts because of the unpretentious of my nether extremities (ugly legs to you) and the upper portions of my anatomy.

But despite this well known fact, Mr. King in bold - faced type at the end of this column, added this:

"During lawn planting season each fall, The Desert Sun's Phat Graettinger is easily recognized for he's the fellow who goes about town dressed only in purple swim trunks and a gas mask."

On second thought - wouldn't that be a tourist attraction!

STAN DELAPLANE:

'Atsa Baby!

While I was in London a few days ago - and chill a foggy day they were. Everybody but-toned up to the collar. And the doorman at Fortnum and Mason's had a nose as red as a cherry. (I gave him two shillings to call a cab. "I 'ope you 'ave a 'appy New Year!" he cried, spilling "h's" all over Piccadilly.)

During this time, on a crowded double-decker red bus on a crowded afternoon, Mrs. Phyllis McDoon had a baby girl.

IT WAS IN A traffic jam at Hyde Park Corner.

Mrs. McDoon (as the old song goes) "turned to the conductor and she calmly said." What she said, I do not really know. But the London papers reported she was calm.

ANYWAY, IT WAS enough for Conductor William Haynes. He hit the bell four times—the panic call. Driver Bill Haylock ran into nearby St. George's Hospital, from which a doctor and six nurses were dispatched.

"Five minutes passed and a nurse emerged smiling to announce: 'She's a lovely, bouncing girl.' The passengers cheered."

THIS IS A VERY interesting story to me. Because I was just a block or so away in my hotel. A happy-ending drama like this, so close as it were, is a cheery thing to think about.

A short time later, while I was in New York, a bus driver halted in Brooklyn. Stepped out and helped deliver a baby in a taxi-cab for Mrs. Mildred Hicks, 26. I have always been curious how so many emergency-hardy people are on hand for these things.

"POLICE SERGEANT Doaks, father of six, calmly helped deliver a baby in an ice cream truck today . . ."

You know. That sort of thing. This has become so customary in our way of life, that we do not catch a policeman if he cannot catch a burglar. But if he should fail as a calm midwife,

I think we would drum him off the force in disgrace.

HAVE NEVER HAD the opportunity of interviewing one of these calm Johnny Nabs after the Moment of Truth—it is one of the frustrations of my life.

I have always wanted to interview calm people in moments of stress.

"The passengers were calm and collected," reported Stewardess Snively after the crash. "They sang songs and obeyed orders."

(THIS IS the kind of thing I read after a near-miss at the airport.)

I have yearned to interview the calm and collected passengers.

I have longed to have a heart-to-heart with the calm sergeant. Are they all taking calm pills? I would like some of those myself.

TO READ ABOUT Conductor William Haynes and the Hyde Park Corner baby, you would think he was so calm that he went around and collected another half fare for the new arrival.

Most people I interviewed in the years of golden prose were mighty nervous folks.

I have been slugged with a purse full of car keys. Just for asking a simple question of a lady who was shedding her ever-loving spouse.

I SIMPLY ASKED her: "How do you intend to spend the settlement?" (It was a fair - size score.)

She hauled off and delivered —with a purse full of rocks. That is what it felt like. I did not help her deliver either. But I didn't stop her. She caught me when I wasn't calmly looking.

I'LL TELL YOU WHY HIGGINS CAN'T GO... HIGGINS WASN'T INVITED!

Trying to Aid Visitors

NEW YORK—Lady Maxwell - Heron, of London, distinguished aunt of Scandinavian Airline's dynamic first vice president, Warren E. Kraemer, applied not long ago for a visa to visit her nephew in New York.

She had to appear in person before one of our Consular officers and, among other things, promise not to practice prostitution in this country. (Until recently, she would have been asked to pledge not to assassinate the President of the United States.) That much attended to, to the satisfaction of the American authorities, Lady Maxwell - Heron then was obliged to produce a letter from Mr. Kramer in which he, in turn, promised that his aunt would not become a public charge. He makes \$45,000 a year.

ONLY THEN WAS the gentle Englishwoman's visa approved. But, upon arrival in New York she was no longer the concern of the state department. At Idlewild, Immigration looked up its list of persons not wanted in this country to see if her name appeared. After some delay, she was allowed to pass and greet her relative.

"Yea, verily," the pious lady exclaimed, "it's easier for a rich man to enter the kingdom of heaven than it is for a poor lady to enter the United States."

WE DON'T WISH to single out Lady Maxwell-Heron, except to illuminate the fact that she reached the U.S. for a friendly visit a lot easier than most foreigners who wish to visit our arsenal of democracy.

Last year, 96,000 Europeans visited the U.S. and spent \$100,000,000 here. They were attracted by President Eisenhower's proclamation that it was "Visit America in 1960" year, and by an industrious advertising program sponsored by Pan American World Airways, TWA, BOAC and other carriers. The astonishing thing is that so many were able to filter through the preposterous roadblocks, the red-tape, the in-

difference and surliness of some of our visa people abroad, and the cascades of red tape.

MOST OF THE nations of the world now accept a U.S. passport as a proper credential indicating that the visitor will not immediately proceed to bomb the chancellery. We seem to operate, on the other hand, on the premise that just about anyone who cannot speak our language, or anyone who dresses different, is some kind of an anarchist or potential bum.

Scandinavian, American Airlines, Eastern and Western Airlines, Greyhound Bus Lines and the Sheraton Hotel chain have now banded together in the hope of breaking this log-jam. The legend persists overseas that in addition to our treating almost every visa applicant as a guy who wants to blow up Fort Knox, under the feeble pretense of wanting to see Grand Canyon, it also costs a fortune to travel in U.S.

IN THE COURSE of a talk to some travel people here the other day Mr. Kraemer produced statistics that showed Europeans can travel cheaper in the U.S. than they can in Europe and live better on less. But when they go to their own travel agents for advice, the guy is inclined to say, "Oh, it's too much bother to go there—how about a nice two weeks in Majorca?"

Some 600,000 Scandinavians vacation each year in Italy. They could save money visiting Florida, as they and other Europeans will be told next month by a task force working under the direction of the aforementioned U.S. companies. The ambition of the group is to increase travel to America by 300 percent over the next three years. But it will be made most difficult unless we can make it officially easier or less embarrassing for these people to come here.

FOR EXAMPLE, travel agencies abroad are not permitted to stock U.S. visa application forms. The person who wishes to come to this country must appear in person at the nearest U.S. consulate—which might be hundreds of miles away—and answer questions. Austrian Nationals wait four weeks for a visa. The Dutch average three weeks.

There is a waiting time of 13 days in Stockholm, two months in Athens. So they go to Majorca, and wonder about all that jazz about the Land of the Brave and the Home of the Free. They wonder, too, that we can spend billions to win friends overseas and then give them such a hard time when they want to come a'visiting, to spend a little dough here and get to know us better.

Mack Sennett Beauties and Keystone Cops won the Grand Award when Thunderbird held its Academy Awards Dinner Thursday night, with members and guests costumed to type, making the clubhouse look like Hollywood and Vine or a movie lot... a few years back.

Adding to the fabulous quality that pervaded the party were the numerous motion picture stars and former stars who are now members of the Club. With such names as Billie Dove, Marion Nixon, Randolph Scott and Harry Joe Brown on the guest list, the awarding of the Oscars packed authority. Gilded miniature figures were used as Oscars, which were handed out to: Donald Gordon as Groucho Marx; Marcia Barrett as Lana Turner with blonde hair and dark glasses as in "Portrait in Black"; Marion Nixon Seider, as an Early Western Girl; Joan Bering as "Queen for a Day"; Louise Nicoletti as Roaring Twenties beauty; Mr. and Mrs. James Welsh as Mr. and Mrs. Sammy Davis Jr.; Mr. and Mrs. Lou Manseau as The Lone Ranger and Tonto. Judging the contest were Randolph Scott, Clarence Brown and W. A. Seiter, while Frank Bogert emceed the parade of personalities.

Decorations were brilliant and in keeping with the party theme, with gold and silver star ornaments suspended from the ceiling, and sparkling in the spotlights. Table centerpieces were gold and silver stars, imbedded in gilded leaves.

Outside the club a marquee, with red carpet and gilded ropes and yellow and white lights set the mood for the party, and inside Jimmy Morton clutched a microphone and introduced arriving "celebrities."

Other outstanding costumes were the Harold Coopers in authentic Spanish costumes; Club president and Mrs. Eric Stainton as Indian Chief and Court Jester extras; Mrs. L. L. Oakes as Gertrude Lawrence in "Lady in the Dark"; the Ralph Singers as Ted Lewis and Carmen Miranda; the Victor Hugo - Vidals as Greta Garbo and Indian Chief; Helen Kenaston and Barbara Hinkle in their Dolly Sister roles; Joan Bering a queenly Queen for a Day, wearing a red formal with cape and carrying an armful of red roses.

Chi Theta Planning for Founders Day

Plans for the Founders Day Dinner, scheduled to be held at the Palm Springs Riviera Hotel later in the season, were discussed when Chi Theta Chapter, Beta Sigma Phi sorority, met at the Cathedral City home of its president Mrs. Ralph Hammer. Chi Theta will act as hostess chapter for the dinner.

Also under discussion was the Candy Sale which is to be held on February 11, with proceeds to be allocated to the chapter's Cystic Fibrosis Fund of research.

"Your Own Home" was the topic for the evening's program, with Mrs. Anthony Janulis and Mrs. Harry Estel using an easel to effectively display prints and sketches. They showed how it is possible to decorate a home around a particular center of interest. Pictures of furniture from the 17th century to the present day were shown, along with samples of the newest carpetings.

The hostess served sherbet, cookies and coffee, following the closing ritual.

Others in attendance were Mmes. John Down, Ed Donahue, Pete Breakey, Don Shelton, Chi Theta advisor Mrs. Ray Hayes and sponsor Mrs. Al Palane.

Mission Council Breakfast Held Sunday in Brawley

Representatives from the four-county Mission California Council of the Beta Sigma Phi Sorority met at the Del Rio Country Club in Brawley Sunday for their January breakfast.

Dr. Kenneth Landauer of New York, vice-president for medical affairs of the National Cystic Fibrosis Research Foundation, accepted the first of three \$5,000 checks to be presented by the International Endowment Fund of Beta Sigma Phi chapters around the world. He told of the establishment of two new medical research centers being opened, one at the Los Angeles Childrens Hospital and the other at the Houston, Texas Childrens Hospital. The second \$5,000 check for Cystic Fibrosis will be presented at the state convention to be hosted by the Mission California Council at the Hotel Del Coronado April 14-16. To remove a wrinkle in a resintreated fabric first steam iron the fabric and heat the material. Then, apply vinegar with a wet cloth to the wrinkle while the cloth is still hot.

The fabric should be left to absorb the acid for a minute or two. Then run the iron over the area until the material is dry. The directions come from Gerda Petersen, extension clothing specialist at the University of Nebraska.

If milk goes sour, use it to make muffins, gingerbread or pancakes. In most recipes, the proportion of one cup of milk to 1/2 teaspoon of soda is correct.

Fashion Show Entertains on Gals' Play Day

Gals played models at Thunderbird's Gals Play Day Wednesday when they combined their regular luncheon with a fashion show featuring the Thunderbird Pro Shop and Janie Hats. While 100 women enjoyed a luncheon featuring tomato aspic and deviled crab, models Marcia Barrett, Janie Wade, Dale Klemp, Joyce Singer, Roberta Sibbert and Darl Callahan showed the latest styles.

Among the costumes modeled were coordinate blouses and capris in beige, white, moss green, dragon yellow, lilac, lime green and coral and a number of wool knit and silk ensembles with print blouses.

Cocktails were served in the lounge preceding the lunch and a group of gals remained to play cards later. Peg Waters was chairman and hostesses were Mary Hicks and Trudy Reynolds.

Second Grade Wins Banner

Mrs. Webb's second grade class won the attendance banner, with the most parents attending, when Katherine Finchy P-TA met in the cafeteria. The class also receives a gift of two dollars from the P-TA.

Principal Joe Kenya of Desert Hot Springs School gave a brief talk on the implications of elementary education in the fast moving atomic age, and showed a film "Directions for the Future of Elementary Education." He was introduced by P-TA president Mrs. John Spargur.

Refreshments of coffee and cookies were served following the film by hospitality chairman Mrs. Stanton Graham.

Get Crackin'

A pound of Brazil nuts yields roughly 1/2 pound of shelled nuts. To speed up the cracking job, put in-shell Brazil nuts in the freezer of freezing compartment of the refrigerator for a few hours or overnight. Then the brittle shells crack easily.

A little starch in rayon blouses when washing makes them iron more easily later.

Hall Wins Feature Road Race Event Sunday

7,500 Attend Races At Airport Course

By GUY RICHARDSON

Leading all the way, Jim Hall, 25-year-old Texan, captured the feature 15-lap event in the Palm Springs Road races Sunday, skirting the airport course before 7,500 fans with a 77.2 m.p.h. average. He also won the main event Saturday.

Hall had an easy win after fellow Texan Hal Sharp's Cooper Monaco dropped out with a blown engine. Lew Spencer challenged in a Devin SS, but also had to drop out when his distributor broke. Hisson, another Texan, finished second, following Hall across the finish line by 38 seconds in his 3-liter Ferrari.

THE HOPED FOR duel between Bill Krause, winner of the Grand Prix, and Hall did not materialize as Krause's Birdcage Maserati was sold before the race and was driven by Chuck Sergent, who finished third.

Krause has been a threat wherever he has driven his Birdcage, and has won the majority of races he has entered. He may drive Joe Lubin's new Birdcage in the remainder of West Coast events this year.

THIS IS NOT to detract at all from Hall's performance, as the lanky Texan drove an expertly paced race, and led from wire to wire. He is one of the best drivers in the country, and at the Grand Prix proved that he is one of the best in the world as he finished seventh in his own FI Lotus. This was phenomenal, considering that it was his first time in this difficult competition, and he had no factory help.

The races both Saturday and Sunday came off smoothly due to the excellent preparation by the Palm Springs Junior Chamber and SCCA officials.

SATURDAY'S PRELIMINARY races were marred by the death of a production car driver, Russ Utterberg, who succumbed due to a heart attack minutes after finishing his race.

The first turn in Saturday's big bore production race, otherwise known as the Corvette race, had Corvettes wildly sliding in all directions. Had there been trees, there would have been Corvettes

hanging in them. The race was won by Dave MacDonald, who repeated his performance Sunday, winning easily both days. These "Stock" Corvettes are fantastically fast and squirrely; it takes sheer nerve to drive one on the limit.

SATURDAY'S FORMULA Junior race was won by Bill Krause, in a Lotus, after a beautiful bit of hair-raising dicing with Jack McAfee, also in a Lotus. McAfee attempted to pass on the inside, Krause, rather than give way, accelerated on the outside, forcing McAfee to tighten up his turn and spin. Sunday the story was different, as McAfee led from start to finish. Hal Sharp did a great job of keeping his BMC-Cooper up with the more powerful Lotus-Fords.

The semi-main event was won both days by Frank Monise in a Lotus Eleven. Second Saturday was John Timanus piloting an older Lotus. Art Snyder, driving a Lola, was second Sunday with Timanus third.

RESULTS SUNDAY:

Neville (8 laps)—Ralph Morris (West Covina), Corvette; Fred Tye (L.A.), Lionage Special; J. P. Talbert (Paramount), Mercedes—Corvette. Speed—63.2 MPH.

Ladies (8 laps)—Betty Shutes (Hollywood), Porsche RSK; Paula Murphy (Granada Hills), Porsche Special; Joan Galloway (North Hollywood), Timanus Lotus Special. Speed—59.45.

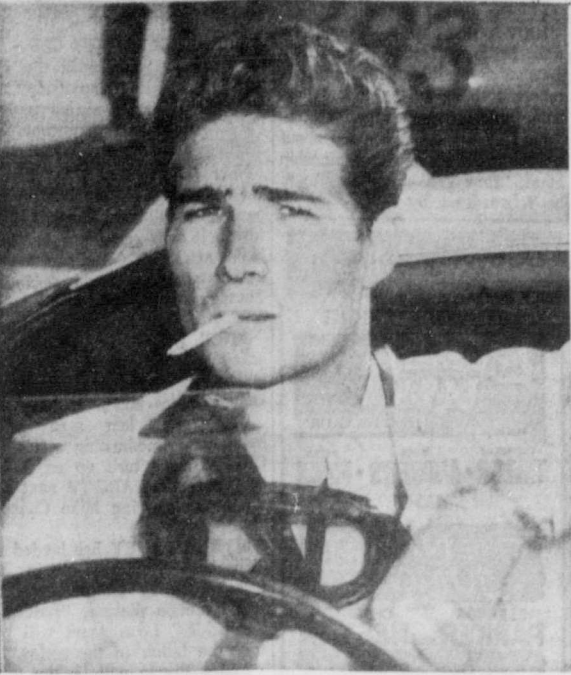

Formula Car (10 laps)—Jack McAfee (Burbank), Lotus; B. Kessler (Beverly Hills), Lotus; Hal Sharp (Midland, Tex.), Cooper BMC; Speed 74.2.

Production D, E, F, G and H (10 laps)—George Palmer (Pasadena), Porsche 58; Troy Clem (Lompoc), Elva Courier; Alton Brizard (Livingston), Lotus Elite. Speed—62.2.

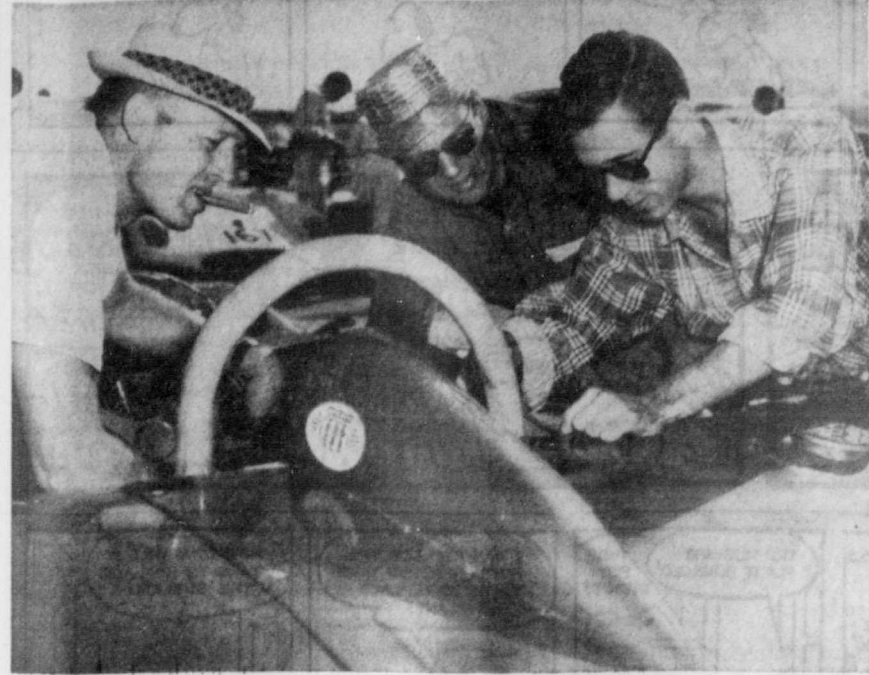

Modified G, H and I (15 laps)—Frank Monise (Pasadena), Lotus MK XI; John Timanus (North Hollywood), Timanus Lotus; John Webb (Sherman Oaks), Lotus MK XI Lemans. Speed—71.2.

Production B and C (10 laps)—Dave MacDonald (La Habra), Corvette; Buford Lane (Santa Barbara), Corvette; Doug Hooper (La Crescenta), Corvette. Speed—67.2.

Modified Over 1100 cc (15 laps)—Jim Hall (Dallas), Cooper-Monaco; Ronnie Hisson (Midland, Tex.), Ferrari TR; Chuck Sergent (Modesto), Maserati Birdcage; Eric Hauser (L.A.), Don Huette (Spokane), Jack McAfee (Burbank), Porsche RSK; Scooter Patrick (Manhattan Beach), Porsche Special. Speed—77.2.

JIM HALL, 25-year-old Texan, won the main event at the Palm Springs Road Races both Saturday and Sunday with his Cooper-Monaco. Shown at left, right, Eric Hauser, center, works on his Lion Cage he averaged 77.2 m.p.h. in his Sunday win. At in pits. (Desert Sun Photo)

Three Marks Broken in L. A. Indoor

Turnaway Crowd Of 13,622 Jams Sports Arena

LOS ANGELES — The Southern California's indoor track season this year may be the best in history with the fans hammering at the doors and the athletes shattering records right and left. In the 1961 inaugural Saturday night, a turnaway crowd of 13,622 jammed into the Sports Arena and got their money's worth when they saw three world records broken and all-around sparkling performances in most events.

WILMA RUDOLPH, America's sprint gold medal winner at Rome last year, was again the darling of the crowd as she set a record of 6.9 seconds in romping to victory in the 60-yard dash. The veteran Parry O'Brien in the shot put and Ralph Boston in the broad jump were the other record-breakers.

O'BRIEN, WHO WILL be 29 on Jan. 28 and claims this is his last year of competition, tossed the 16-pound ball 63 feet, 1 1/2 inches. Boston, like Miss Rudolph a student at Tennessee State College, leaped 25 feet 10 inches.

Fight Slated Tonight — SAN FRANCISCO — Harry Campbell, lightweight from San Jose State, faces Flory Oguin of Los Angeles tonight in a 10-round bout here. This marks the first time Campbell, a quarter-finalist in the Olympics last summer, will try to go 10 rounds.

Haddix Signs 1961 Contract — PITTSBURGH — Harvey Haddix, one of the major league's top fielding pitchers, has become the Pittsburgh Pirates' seventh player to agree to a contract for the 1961 season, the club announced today.

Haddix, winner of two games over the New York Yankees in the last World Series, came to terms over the weekend. Club officials did not disclose contract terms.

The 35-year-old southpaw hung up 11-10 record last season, and in 29 appearances last year, he pitched 172 innings and showed a 3.98 earned run average.

His National League opponents voted Haddix the best fielding pitcher in the league last year and he received the Rawlings Gold Glove annual fielding award for the third straight time.

OHIO STATE FACES TOUGH PURDUE 5

By MARTIN LADER

United Press International
A champion's work is seldom done—and Ohio State once again will have to prove its claim as the nation's No. 1 college basketball team when it goes against an unbelieving Purdue five this week.

Ohio State has won 18 straight games, including a convincing 75-56 triumph over Minnesota last Saturday, and boasts a destructive starting team which numbers

Jerry Lucas, everybody's All-America. The Buckeyes are also defending Big 10 champions.

PURDUE, RELEGATED to another season of obscurity in pre-season gossip following an 11-12 showing last year, climaxed a startling comeback to basketball eminence by whipping fourth-ranked Iowa, 47-41, Saturday.

Led all the way by Olympian center Terry Dischinger, the Boilermakers have won eight of their last nine starts after dropping their first two games of the season.

Robinson Heads For Training

NEW YORK — The one-great Sugar Ray Robinson flies West today in quest of his youthful punch and a chunk of the middleweight crown.

The 40-year-old former welterweight and middleweight champion will train at San Jacinto for his fourth title fight with champion Gene Fullmer at Las Vegas, Nev., March 4.

Gene of West Jordan, Utah, is recognized as world champion by the National Boxing Association.

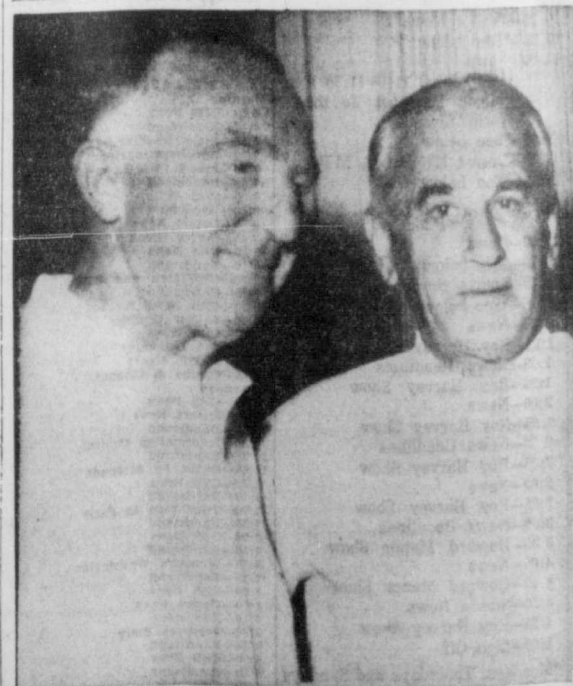

Skorich Named Eagles Coach

PHILADELPHIA — Nick Skorich, assistant football coach of the Philadelphia Eagles during the two years they rose from the cellar to the National Football League championship, was named head coach of the team today, succeeding retired Lawrence "Buck" Shaw.

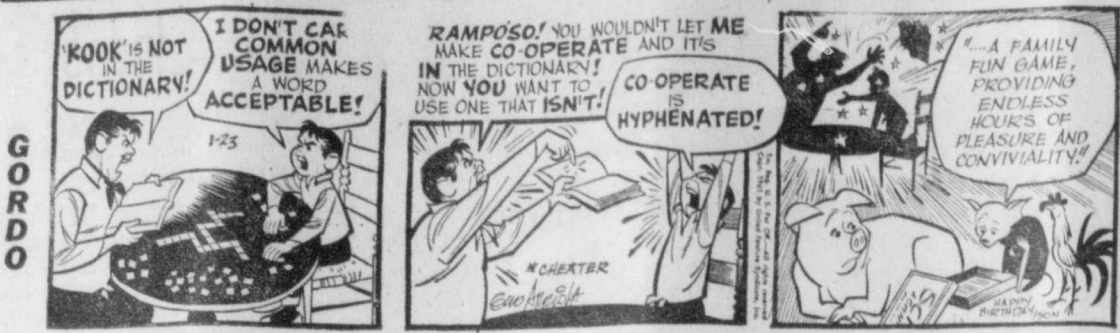

SAN DIEGO TO DISCUSS TEAM MOVE

SAN DIEGO — The San Diego City Council meets Tuesday with representatives of the Los Angeles Chargers to discuss a possible move here of the American Football League club.

Mayor Charles Dail has indicated that action including improvements on Balboa Stadium, the proposed home of the Chargers, would be taken to make the move possible. Improvements requested by the Chargers include increasing the stadium's seating capacity to at least 30,000.

DAVID HALAB, new president of Tamarisk Country Club, takes over the leadership Saturday after election of new officers. Outgoing president Louis Golan, left, a member of the board since Tamarisk was started, was elected Honorary President emeritus. (P. S. Newsphoto)

TELEVISION IN REVIEW

Channel Swim, Present, Future

By FRED DANZIG
NEW YORK (UPI) — John Daly, who resigned last fall as ABC-TV's vice president for news, is reported to be taking a key post with the CBS news department.

Last spring's documentary about a Little League championship team, "How Tall is a Giant?" will be rebroadcast by NBC-TV on

Thursday, March 23.

JACKIE GLEASON's CBS-TV panel show, "You're in the Picture," makes its debut Friday and he has just selected his panel—Pat Carroll, Arthur Treacher, Jan Sterling and Keenan Wynn.

Next fall, CBS-TV's popular "Gunsmoke" series will be expanded to full-hour length and retitled. It will remain a Saturday night attraction, and reruns of half-hour episodes will go into a Tuesday night time slot.

"NBC WHITE PAPER No. 3," scheduled for Tuesday, Feb. 14, will survey relations between the United States and Panama. "Tightrope," last seen as a half-hour crime-busting series on CBS-TV, may turn up as a full-hour series on ABC-TV next season again starring Mike Connors.

MYRNA FAHEY has landed the "Elizabeth Taylor role" in the forthcoming TV adaptation of the MGM motion picture, "Father of the Bride." Leon Ames will portray the father in the series.

Andre Previn will be the musical director for ABC-TV's 90-minute "Oscar" special on Monday, April 17. CBS-TV's "Family Classics" series abandons its "continued tomorrow" format starting with its presentation Monday, Feb. 13, of a one-hour version of "The Heiress," by Ruth and Au-

gustus Goetz, Julie Harris and Farley Granger will star.

ALADDIN, FEATURED violinist with the Lawrence Welk orchestra, makes another appearance in a dramatic role on ABC-TV's "The Rebel," scheduled for Sunday, Feb. 12.

Mr. and Mrs. Johnny Weissmuller challenge Sammy Sneed on NBC-TV's "Celebrity Golf" for Feb. 12. On the same night, Ernest Borgnine and Zsa Zsa Gabor co-star in "The Legend that Walks Like a Man" on CBS-TV's "GE Theater."

Saund Bares \$11-Million Area Budget

29th District Budget Accents Military, Other Big Projects

WASHINGTON — Congressman D. S. Saund announced that more than \$11 million for military construction, flood control and other activities in the 29th Congressional District is included in the Federal budget for the 1962 fiscal year now before Congress.

THE FUNDS ARE:

A total of \$6,630,000 for construction at March Air Force Base.

Some \$1,886,000 for San Jacinto River - Bautista Creek flood control project in Hemet - San Jacinto area.

A \$1,789,000 loan to Eastern Municipal Water District to start construction of a water distribution system or Perris Valley Improvement District.

Some \$26,700 to continue flood control surveys on Whitewater River near Palm Springs.

OF THE FUNDS for March Air Force Base, \$6,280,000 would be for construction of operational, maintenance, supply, hospital and utilities facilities on the base proper. Details will be available next week.

The remaining \$350,000 would be used to construct maintenance facilities for the Air Force Reserve training unit transferred last Fall to March from Long Beach.

If approved by Congress, the \$6,630,000 will swell to more than \$22 million the amount of construction funds that Congress has appropriated for March Air Force Base since January, 1957, when Congressman Saund began his first term in Congress. Last year, \$7,468,000 was appropriated for extensive improvements.

THE \$1,886,000 FOR the San Jacinto River - Bautista Creek project will continue work on a project that had lain dormant for years until Saund brought it to life in 1957.

The \$1,789,000 for Eastern Municipal Water District is first payment on a total loan of \$4,980,000 for the Perris Valley water system. Saund and EMWD officials worked closely in promoting approval last July by the Department of the Interior. The loan application will complete a clearance period before the House and Senate Interior and Insular Affairs Committees on February 15.

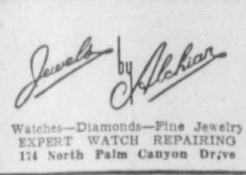

Saund said the \$11 million does not include millions of dollars budgeted for operation of March Air Force Base, El Centro Auxiliary Air Field, Mira Loma Air Force Station, the Corona Naval Ordnance Laboratory and other Federal activities in Riverside and Imperial Counties.

DHS Fire Calls Show 50 Percent Hike Over Year

DESERT HOT SPRINGS —Fire calls served by volunteers and the California Division of Forestry firefighters here rose from 16 in 1959 to 23 in 1960, and near 50 per cent increase.

Value of equipment and buildings saved from burning this past year is estimated at \$302,430, compared to \$78,600 for the previous year. Don Holt, foreman in charge, and Joe Merrick, chairman of the fire district board, announced.

State personnel manhours rose from 32.4 hours to 83 hours in 1960, and volunteer hours rose from 66 manhours to 266 manhours.

The fire department here has received two new smoke masks which provide 15 minutes of oxygen, for entering smoked areas heretofore inaccessible. Added also is a 32 pound resuscitator, which provides a covering unit while one resuscitator is on call, Merrick reported.

Courteous Thief

SAN FRANCISCO (UPI) — A bandit with the gallantry of Sir Walter Raleigh held up a candy store here. Manager Cecilia Ortega, 27, said the gunman spread a clean white uniform on the floor for her to sit on before he tied her up and escaped.

AREO CLUB FORMS IN MEETING HERE

A significant event in Southern California aviation took place on January 14 in Palm Springs, California, when aviation enthusiasts from Riverside County, Imperial County and the Yucca Valley area gathered to form what will be known as The Salton Aero Club, a chapter - member of the National Aeronautic Association. The name, "Salton" comes from the fact that the Salton Sea is located geographically in about the center of club membership activity.

To honor the Club's charter meeting, Ralph V. Whitener, executive director of N. A. A. came from Washington, D. C. as guest speaker and to assist in drawing up the charter.

HERBERT STOLTMANN, founder of the Salton Aero Club, an active pilot, and a Palm Springs businessman, was chairman of the meeting. The group met at the Palm Springs Airport Cafe at the invitation of cafe managers, Mr. and Mrs. John Pace.

Some 35 people attended, with many joining as charter members: others wrote letters indicating an interest in the Club and a desire to participate in future meetings and events that the organization plans to sponsor. Headquarters for the Club is at 505 North Palm Canyon Drive, Palm Springs.

A University of Minnesota survey indicates that finance is the principal reason for drop - outs from colleges.

In his talk to the group Whitener presented a clear picture of the history of N. A. A. from its inception as an Aero Club in 1903, to the present day. Since Whitener's appointment in November by N. A. A. president, Jacqueline Cochran, he has been instrumental in revising the by - laws and incorporation requirements of N. A. A.

WHITENER STRESSED the fact that no two Aero Clubs are expected to operate alike, but instead, are for the purpose of answering the aviation needs of the particular community their membership represents.

N. A. A. represents the public," Whitener said, "and we do not lean toward any particular industry in this field nor favor certain aviation groups — we are actively interested in and geared to help all segments of aviation."

JFK'S SCHOOL GIVES HOLIDAY, WATCHES TV

WALLINGFORD, Conn. (U) — Yesterday was a holiday for the students at the Choate School in honor of the inauguration of one of Choate's most illustrious alumni as president of the United States.

The school granted the holiday so the students could watch the inauguration of President Kennedy on television.

It was in 1935 that Kennedy attended classes here and it was then that he was elected "most likely to succeed" by his classmates.
